## LOVING CUP IS TO BE AWARDED

Fifty Dollar Prize is Offered for  
Best School Float in Centennial Parade

### TEACHERS MEET HERE TODAY

Votes for Centennial Queen May be  
Cast at any Drug Store in  
the City Monday

The executive committee of the Rush County Centennial, Home Coming and Fall Festival here the week of October 9 has decided to award to the best float of the schools in the Centennial parade Friday afternoon, October 13 a loving cup valued at fifty dollars.

This decision was reached at a meeting of the executive committee last night. Members of the executive committee met this afternoon in the court house with the township trustees and teachers from over the county to see if the teachers were willing to make a united effort to have their schools represented by a float in the parade.

The committee also announced that a prize of a nicely framed picture of James Whitcomb Riley would be given to the second best school float in the parade. The different buildings of the Rushville public schools will be considered competing units with the schools of each township.

All of the Centennial Queen votes will be distributed Monday and the voting is expected to begin in earnest at that time. Several of the candidates have signified their intentions of working for the fifty dollars in cash prizes which will be awarded. The Centennial Queen will receive twenty-five dollars in gold, the candidate receiving the next highest number of votes fifteen dollars and the third highest ten dollars.

By Monday practically all of the merchants of the city will be giving one vote with each cash purchase of twenty-five cents. Merchants will also sell votes at a fourth of a cent apiece to those who want to vote for their favorite candidates. Votes may be cast only at drug stores where boxes will be left on Monday. Each day the votes will be counted and the standing of the candidates announced.

The decorative arches will be erected the first of next week at the four principal entrances to the business district of the city. Joe Dickman has been awarded the contract to cover the arches with muslin.

Walter Easley, chairman of the concessions committee, has given the contract for taking tickets at the various shows Centennial week to the Pythian Sisters.

## ROAD CONTRACTOR IS SUED

William Emsweller is Made Defendant, \$200 Being Awarded

The Galion Iron and Manufacturing Company has filed suit against William Emsweller and the Chicago Bonding and Surety company, on a gravel road bond, demanding \$200. The complaint alleges that Emsweller is indebted to the plaintiff in the sum of \$127 for cast iron culverts used in the construction of the James D. Hite road in Decatur county and has refused to pay the account. It is alleged that he was awarded the contract for this road by the Decatur county commissioners in March, 1915 and that the Chicago Bonding and Surety company was on his bond in the sum of \$11,000. J. R. Cagle and Chauncey W. Duncan represent the plaintiff.

James Gregg's Auto Crashes Into  
One Pulling It In

Mr. and Mrs. James Gregg had a narrow escape from serious injury Friday evening when their automobile, which was being towed into the city by another machine, collided with the first machine when it stopped suddenly. The Gregg machine was near Arlington when it went out of commission and a machine was secured to pull them back home. When near the Bruce Johnson farm, west of the city, the first machine stopped suddenly, and Mr. Gregg was unable to control his automobile and it crashed into the rear of the other. The occupants escaped injury, but their machine was badly damaged.

## IS PUNISHED FOR ATTACK ON PREACHER

Nove Dudley of Shirley Gets \$50  
and Costs and 100 Days in  
Penal Farm for Assault

### REV. OMER HUFFERD VICTIM

As the result of severely beating the Rev. Omer Hufferd of Shirley, brother of Elmer and Robert Hufferd of south of the city. Nove Dudley of Shirley has been fined \$50 and costs and sentenced to one hundred days in the state penal farm by Judge Earl Sample in the Hancock circuit court at Greenfield. Dudley pleaded guilty to the charge of assault and battery on the Rev. Mr. Hufferd, who is pastor of the Shirley Christian church. In late years the Rev. Mr. Hufferd has spent part of his time with his brothers here and is well known throughout Rush county.

Evidence submitted to the court regarding the case before sentence was pronounced was that Dudley met Mr. Hufferd in the street at Shirley and accused him of being responsible for the summoning of several Shirley residents before the Hancock county grand jury which is believed to be investigating "blind tigers" at Shirley. Dudley then struck Mr. Hufferd, it was shown, knocked him down, and sat on him. He was about to strike Mr. Hufferd again when two men seized and held him until the marshal placed him under arrest. Judge Sample bitterly arraigned Dudley for his assault on Mr. Hufferd.

## COUNTY FARES BETTER IN 1916

Receives \$1,810.91 More in Auto  
Licenses From State Than  
First Half of Last Year

TOTAL THIS YEAR \$7,258.20

County Losses Only \$621.60, Which  
is Much Smaller Than Loss  
of Previous Years

The treasurer's office received the semi-annual settlement statement from the secretary of state for the distribution of the automobile license fees this morning. For the first half of the year Rush county receives a total of \$7,258.20. The county this year fares exceedingly well in the apportionment of the license fees, losing but \$621.60 of the total amount paid the state, but receiving \$1,810.91 more than in the first settlement last year.

The license fees showed a great increase, as was expected, due to the increase in the number of automobiles. The total amount received by the county is \$7,258 as compared with \$7,880 paid in. The amount received by the county for the first half of last year was \$5,447.29.

The distribution to the counties is based on three things. Each county receives an equal distribution of one-third of the net receipts; one-third according to the number of free gravel roads and one-third of the net registrations of the county. Based on this ratio, Rush county received \$2,474.28 as the equal distribution of one-third of the net receipts; \$2,315.07 for the distribution of one-third according to the number of miles of free gravel roads and \$2,468.85 as one-third of the net registrations of the county. The statement of the secretary of state shows that Rush county is credited with a total of 306 miles of free gravel roads.

The automobile registration business has grown to great proportions according to the statement. The gross receipts from over the state from the registration of motor vehicles totaled \$731,498.96. The expenses of the office and rebates amounted to \$48,596.54, making the net receipts from this branch of the business \$682,902.42. It is this sum in which all of the counties share.

## PREPARES FOR A TRACTION STRIKE

New York Police Commissioner  
Woods Says There is no Reason  
to Fear Violence

### 12,000 POLICE READY FOR DUTY

(By United Press.)  
New York, Sept. 23.—Twelve thousand men, including regular and extra police, will be on duty next week to guarantee the preservation of order if the general strike for "suspension of work," voted yesterday by the union leaders of the city, becomes effective. In addition, the Home Defense League having 29,000 civilians as its members, can be called upon in an emergency.

Plans embracing measures for the maintenance of order were drawn by Police Commissioner Woods today but at the same time he issued an open letter to the public declaring that though a general strike in support of the traction employees now seems imminent, there is no reason for believing the walkout will be followed by violence.

Lon Mull of Manilla was a business visitor here today.

## COURT TAKES ON ACTIVITY TODAY

Attention Held Most of Day by  
Suit to Foreclose a Mechanics  
Lien, Demanding \$70

MRS. HEATON ALLOWED \$20

Mrs. Della Cassady Asks Woodford  
Cassady be Cited for Con-  
tempt of Court

The attention of the circuit court today was held by the trial of the case of Joseph A. Anderson, Gwynneville contractor, against Joseph B. Hardin, a Posey township farmer, to foreclose a mechanics lien, demanding \$70. The case was tried before Judge Sparks and required most of the day. Anderson constructed a shed for Hardin and the defendant alleged that the price was more than that specified in the contract. When Hardin did not pay him a lien was taken on the property.

Judge Sparks this morning allowed Mrs. Mary A. Heaton the sum of \$20 against the estate of her mother, the late Mrs. Sarah Stewart for services rendered during the last illness of Mrs. Stewart. Mrs. Heaton demanded \$100. The case was tried the first of this week. Considerable feeling was displayed between the Heaton and Stewarts.

Thomas E. Davidson has been appointed special judge to try the case of Albert Cutry against Robert L. Tompkins. The defendant struck off the name of Raymond Springer and as the plaintiff refused to strike off a name Judge Sparks appointed Thomas E. Davidson of Greensburg. The suit is for damages in which the sum of \$1,759.55 is demanded.

A motion was filed today by Mrs. Della Cassady asking that George Woodford Cassady be cited to show cause why he should not be punished for contempt of court. Mrs. Cassady was granted a divorce January 25, 1916 and under the terms of the decree he was to pay her the sum of \$40 a month until June and then the payments were to revert to \$30 a month.

According to the motion filed by Mrs. Cassady, he has failed to pay more than \$20 a month and is now delinquent in the sum of \$100. It is alleged that since the hearing of the original case he has purchased an automobile and often visited Comersville and Greensburg and spent his money attending dances and drinking. It is claimed in the motion filed that he has often averred that no court could make him pay more than \$20 a month for the support of his divorced wife.

## FORMER TRUSTEE OF UNION IS DEAD

Robert B. Cook, Age 68, One Time  
Resident of Rush County, Ex-  
pires in Indianapolis

### BODY TO BE INTERNEED HERE

Robert Beckett Cook, 68 years old, a former resident of Rush county, died Friday afternoon at his home in Indianapolis following a short illness from cancer of the stomach. Mr. Cook was widely known in Rush county. He was a son of the late James V. Cook and was a brother of William Cook of North Main street.

The death of Mr. Cook came as a surprise to his friends and relatives here. He was here two weeks ago and had planned to come Sunday and spend the week here with relatives. Mr. Cook at one time was the trustee of Union township. He is survived by his widow and three children. He also leaves the one brother of this city and one sister, Mrs. Mary Carpenter of Greenfield. The funeral services will be conducted Sunday morning at ten o'clock at the late residence and burial will take place in East Hill cemetery, this city. The cortege will leave Indianapolis about eleven o'clock and arrive here at one o'clock, going direct to East Hill cemetery.

## SENIOR MEMBERS WILL BE HONORED

Unique Affair is Planned by Odd  
Fellows and Program Ar-  
ranged for Next Wednesday

### WILL M. SPARKS WILL SPEAK

Franklin Lodge No. 35 I. O. O. F. plans to devote the regular meeting next Wednesday night to honoring its senior members—members who have been connected with the lodge for 25 years or more. The records of the lodge reveal the fact that there are thirty-five men who have attained that distinction. Theodore Abernethy holds the record for membership, having been a member of the lodge for over sixty years.

The program will be informal, the greater part to be devoted to talks and reminiscences by the veteran members. Judge Will M. Sparks will speak on behalf of the lodge. The orchestra will furnish music for the occasion. J. T. Arbuckle, who is grand representative from Indiana to the sovereign grand lodge in session at Chattanooga, Tenn., this week, will be present and probably give a report of the meeting. A large crowd is anticipated as this meeting is unique in lodge affairs and also marks the opening of the fall season of the order.

## STARTS WINDUP IN BETTER VOICE

Hughes Opens Closing Day in Indiana  
With Firm Conviction Re-  
publicans Will Carry State

### BEST CROWDS OF CAMPAIGN

Many Republicans go From Here for  
Final Speech of Nominee in  
Indianapolis Tonight

(By United Press.)  
Laporte, Sept. 23.—Refreshed from a night's rest off the train, Governor Hughes started his wind-up of the Indiana campaign today with a voice considerably clearer than yesterday and with the firm conviction that Indiana's fifteen votes will be in the Republican column in November.

Nowhere in his campaigning has the candidate been greeted by such crowds as have cheered his progress through Indiana.

Here at Laporte the nominee reiterated his charge of extravagance against the Democratic administration, citing figures of appropriations of the last Democratic congress.

"This is a country of sound public opinion and when a man in a great position with the public easily addressed and directed, makes a firm stand on those principles in accordance with the spirit of our institutions, he will have the whole American people back of him," he said in discussing the Adamson bill.

"It is the man of self respect who firmly, not boastfully but firmly represents himself as able to maintain his just rights, that is respected in the community. It is a nation that stands erect in its self-respect, prepared for every emergency, seeking the ideals of peace, not aggressive, not exploiting, not coveting any territory, not desirous to intrude itself upon its neighbor, it is a nation that is firm and insistent in the maintenance of its rights that maintains its interests and wins the esteem of the world."

Many Republicans from here were going to Indianapolis today to hear Governor Hughes in his final speech tonight. Preparations have been made for a big rally and overflow meetings.

## COMMISSION IS HELD UP IN WORK

Practically Had Plan for Mexican  
Border Patrol Ready When  
Villa Struck

### CARRANZA CAN'T COPE WITH IT

(By United Press.)  
New London, Conn., Sept. 23.—Carranza's apparent failure to direct an effective pursuit of the Villa forces that attacked Chihuahua City may radically affect the tentative plans of the Mexican-American peace conference for border patrol.

The commissioners had practically completed their work on a plan for a border patrol when Villa struck. It called for co-operation of Mexican troops with Pershing's forces in patrolling the border and was about ready for submission to Washington and Mexico City.

The Villa raid itself did not alter the plans of the conference, since the Villistas were beaten off with heavy losses, according to Carranza reports. But the American commissioners did not believe that General Trevino, the Carranza commander at Chihuahua City, would immediately start in vigorous pursuit of the Villistas and disburse the bandits and he didn't.

## Hughes' Bold Stand

Gov. Hughes has gone after the Wilson administration with sledge-hammer blows in the middle west, where he campaigning and his audiences exhibited a responsiveness and enthusiasm gratifying to the Republican managers. Taking as his text Mr. Wilson's statement of four years ago, "Our platform is not molasses to catch flies," Mr. Hughes has shown that most of the Democratic platform pledges have been broken, including those regarding economy in public expenditures, the creation of useless offices, the lowering of the cost of living, the repeal of the Panama Canal tolls law, the single Presidential term, the protection of American citizens abroad, etc. Referring to the Adamson wage increase law, Mr. Hughes has said, "It was nothing more than a measure to fix wages and as a measure to fix wages it must be judged. If as such a measure it was justified, it needs no further excuse. We are not concerned with anything that was said of the judgment of society with respect to an eight work day. There is plainly no judgment of society on the increase of wages this bill requires. The phrase 'eight hour day' is apparently used to tickle the public ear in order to establish something quite different." And again, "The Adamson bill is a force bill. It was legislation without inquiry, without knowledge. The demand by the administration for such legislation as the price of peace was a humiliating spectacle. It was not only a serious misuse of official authority, but a deplorable abdication of moral authority."

## Progressives Back

If any further demonstration that the Progressives have returned to the Republican party were needed it was furnished by the New York primary election, in which Gov. Whitman was overwhelmingly nominated and those Progressives who have been widely advertised as supporting President Wilson, including Bainbridge Colby, went down to ignominious defeat. These Dem-Progressives had named Judge Seabury as the Progressive primary candidate against Gov. Whitman. Out of a total Progressive enrollment of 46,206, only 5,806 Progressive votes were cast for Judge Seabury. The Progressives in that State had received every possible aid from the Democratic managers who fully appreciated the political value to them of a strong showing of Progressive disaffection against Hughes. The only result is that those Progressives who are off the reservation went down in a smashing defeat.

It has been generally assumed that the stock of the railroads of the country is owned by a comparatively few wealthy people, when as a matter of fact it is just the reverse. Reports filed with the Interstate Commerce Commission, a required by law, show that the majority of stockholders are people of comparatively small means, and that this stock is held in comparatively every walk of life. The Illinois Central, one of the smaller roads, has 11,000 stockholders; 42,000 people own the stock of the Atchafalaya, Topeka & Santa Fe; the Pennsylvania is owned by 92,000 people, and other roads are in proportion. The interests of these people, and of the great consuming public, should also be considered in any settlement that is finally effected in the dispute between the roads and their employees.

The vanity of some people is equaled only by their vanity, and you can always spot them in any crowd.

Brains and energy make a splendid team, but in single harness neither is worth a hot dog.

## Editorial Comments

Mr. Hughes has made Mr. Wilson's policy of deciding a case and then getting the facts afterward one of the most pitiable exhibitions of weakness that even the present administration can give.

"Peace, preparedness and prosperity" are claimed as the Democratic campaign cries. More appropriate ones would be "Pie, pork and piffle."

And now nobody seems to know exactly what the new wage law means or to whom it applies. Another illustration of Democratic inefficiency.

The Democratic congress has voted a tariff on dyes, thereby declaring in favor of the principle of protection. How the party does change its colors.

If President Wilson were really earnest in telling the suffrage women "I come to fight for you" he would have put a suffrage measure through congress by the same stop watch method that he used to force the railway wage increase bill through.

Shadow Lawn, as a residence for the next few weeks, will give its occupant an opportunity to get accustomed to the after election gloom.

Here is reason enough why Mr. Wilson should be defeated. Why should Mr. Hughes be preferred? Gifford Pinchot, the Progressive, answers, giving facts to support his statement: "Hughes is a man of his word. I cannot vote for Wilson because I cannot trust him. He does not do what he says. Hughes does. Therefore my choice is Hughes."

When the Progressives come back they bring their punch with them.

Villa says he bears no grudge. Well, why should he? Haven't we always treated him as a perfect gentleman?

What has become of the old fashioned man who used to say of President Wilson, "Ye-es, he does make mistakes, but I believe he's sincere."

And we haven't yet got either Francisco Villa or that salute.

Next stop for the political express Nov. 7.

Irvin S. Cobb is to make campaign speeches for the Democratic party in the west. Irv, you all recall, of course, is a humorist and is peculiarly equipped to do full justice to his subject.

The least that may be said of President Wilson is that he has been right half the time, for he has been on both sides of almost all important questions.

NOT AN EIGHT HOUR DAY.

Recent Hold-up Legislation Does Not Shorten Workday a Minute.

As a matter of fact, it is not an eight hour law at all. It does not curtail the trainmen's workday by a single minute. If an engineer has been receiving \$5 for working ten hours a day this law will raise his pay to \$6.25, but it will not shorten his workday even the tenth part of a second. This is no more like the true eight hour principle than chalk is like cheese.

The reason why people call this an eight hour law is because it says that in the case of railroad trainmen they shall get their day's pay for the first eight hours' work, and all the rest is to be considered overtime.

Do not tell me that this strike could not have been called off or postponed if President Wilson had shown that he meant business. I do not for one minute believe that those four brotherhood leaders started the blaze going without knowing how to put it out. One of them admitted that he could put it out so far as his own brotherhood was concerned, but that his followers would think that he had gone back on them if he were to do so.

—Statement of Congressman A. P. Gardner.

## Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

## GILOED YOUTHS ARE NOT WANTED

Wealth is Considered Handicap and This Class is Not Desired at Leland Stanford.

### MUST LEAVE AUTOS AT HOME

Flowers For Co-Eds Are Also Barred and Frequent Dances Will Not be Tolerated.

(By United Press.)

Palo, Alto, Calif., Sept. 23.—Wealth is a handicap to the college student and the poor boy has the advantage, according to Dr. Ray Lyman Wilbur president of Leland Stanford University, in a statement today.

As a consequence of this belief Dr. Wilbur decreed that beginning this year autos may not be owned by students; that too frequent dances, the purchase of expensive flowers for co-eds and similar luxuries will be banned.

Dr. Wilbur is so convinced he is right about this that he has sent a circular letter to students' parents saying students with too much money are not desired at the school, if they are inclined to spend their time in the pursuit of pleasure.

The letter urges parents to refrain from too liberal allowances and warns them that as the number of entrances this year is limited, students who fail to show they are doing honest work will not be permitted to remain.

Stanford does not particularly seek poor boys and discourage the entrance of the wealthy, Dr. Wilbur explains, but experience has shown that the poor boy has, on the whole made a better record, both as a student and afterwards. His appeal, Dr. Wilbur says, is an endeavor to save the wealthy lad from his own particular dangers.

"It takes time to run an automobile and it often leads to life off the campus, to extravagance and much foolishness," says the letter, adding: "There is plenty to do in the way of variety at the university, with its

# ONLY 14 CHALMERS CARS PER DEALER ARE LEFT IN THE GREAT \$56,000,000 "RUN"

We are but one of 1600 Chalmers Dealers. There are only 20,000 of the 3400 r. p. m. Chalmers left. So if we had to take our chance on an even allotment among the 1600, we'd probably get only 14 more of them.

The run on this car has been mastodonic.

We're lucky to have one left, because the Chalmers Company set out to build only \$22,000,000 worth last fall.

These were all built and delivered before the first day of summer came.

Then we got the Chalmers executives to add 10,000. These were pretty well cleared up before the first day of September.

Now we have just got them to build 20,000 more—making 48,000 of the 3400 r. p. m. Chalmers all told—just \$56,000,000 worth of one model.

So you see it has been like a regular "run" on a bank. Only instead of a bank it has been a car. And a truly magnificent car, too.

We attribute the "run" to the wonderful quality in the car.

We find men and women are buying better and better cars every day. Just go down among your acquaintances and note how many of them are driving better cars than they used to.

Probably 75 per cent of our sales have been to people who have owned lower priced cars. There's a peculiar and interesting kind of a pride in owning a regular car. A man said to us the other day:

"I bought a 'price' car a year ago. It was a one-year car. It looked fine and drove well for a while. I got 10,000 miles out of her, but she couldn't stand the racket. I'm all done trying to

buy price tags. I used to say I'd never pay more than a certain sum for a pair of shoes.

"I ventured \$2 beyond the price one day and, thoroughly to my surprise, I got such a better fit, so much more comfort, so much more in looks, and so much more in wear, that I just figured I'd been a blame fool all these years.

"It's the same way with cars. You get just about what you pay for in a cheap car. It's like advice. I'm paying \$300 more for this Chalmers than I paid for my old car. But I can see right away I'm really getting \$500 more in car and quality. Besides I'm driving a regular thoroughbred."

There are lots of men like our friend. People don't shop around much in buying meat for the home. A rib roast is a rib roast. If one butcher has rib roast at 2 cents a pound less than the other, it's safe to venture that it's 2 cents a pound inferior meat.

Quality—and the quality scale of life—that is what the American people are seeking today as never before, in our casual observation.

And a great help is a quality car like the 3400 r. p. m. Chalmers. Forget that the price is only \$1090 Detroit. The price is not determined by the President of the Company, nor by the Chief Engineer. The price is determined by cost accountants. That accounts for the odd figure \$1090.

The sum of \$1,000,000 has been added to Chalmers factory equipment since the birth of the 3400 r. p. m. Chalmers about a year ago. Added why? Just to make each car a little better than the one that went out the factory door ahead of it.

P. S.—To remind you—the Chalmers Company is building 20,000 more of them. This model will be continued without change in design into next season.

# OLD LADY FEELING FINE

After Taking Four Bottles Of  
Cardui, The Woman's Tonic.

Cobden, Ill.—"Having used Cardui, the woman's tonic, in my family, for a number of years," writes Mrs. Kate Metz, of this town, "and always with such good results, I feel it my duty to write you about it, so that you may publish my letter.

My mother is living with me, and she is 52 years old. For the last three or four years, she has been troubled a great deal with cramping spells, and for days at a time, she would have a severe headache.

She read of how much Cardui has helped other women who were sick and ailing, and decided to give it a trial. She began taking it three times a day, and since then has been getting along simply fine.

Mother only used four bottles of Cardui, but she is no longer troubled with the severe headaches, and her stomach is so much stronger that she can eat most anything.

We both feel that any lady who is not strong and well, would be greatly benefited by the use of Cardui.

# HENDERSON STORE BURNS

Hathey's Place of Business is De-  
stroyed by Fire

Hathey's general store at Henderson was destroyed by fire Thursday night between eight and nine o'clock. The fire is believed to have started from a spark from a passing train. The store and contents burned to the ground. When discovered the flames had such a start that it was impossible to fight the blaze and efforts were then directed towards saving surrounding property. The owner carried \$1,000 insurance and this is believed to fully cover the loss.

# Amusements

The Gem offers the two act drama "The False Part" for the first picture of tonight's bill. Herbert Rawlinson and Agnes Vernon are featured in this remarkable drama. The second picture is a two act drama "The Scarlet Mark." Mary Fuller is featured in this one. The third picture is a comedy "His Picture." The last is also a comedy entitled "The Jailbird's Last Flight." Fairies, goblins and elfs, mermaids, nymphs and sylphs, the companions of the childish mind, have been drawn upon for characters in one of the most beautiful films ever presented in the Bluebird photoplay, "Undine," which will be the attraction at the Gem Monday. "Undine" is based on the French classic of the same title, written by Pierre De La Motte Foquet and pictures the fantastic happenings at the court of Queen Undine, under-seas, and subsequent developments on land.

The Princess will show the five act feature "The Butterfly on the Wheel" for the program tonight. It is a wonderful story, full of thrills and action. Holbrook Blinn and Vivian Martin are featured. Alice Brady, the World Film star, who made her professional debut in music rather than drama, who conquered the operatic and dramatic stage in quick succession, and is now a top-notch in filmdom, will be seen at the Princess Monday, matinee and night in "Tangled Fates" a pastoral play unique in conception and strong in climax and story, which brings into play all of Miss Brady's remarkable versatility and shows her in the most remarkable part she has yet portrayed in motion pictures.

The Mystic offers a six reel program tonight. The first is a two act drama "A Message from the Hills." This is said to be a thriller. The second is a western drama in two acts, "The Strength of the Weak." A one act comedy is offered in "The Nobler Love." On Monday the eleventh chapter of "The Red Circle" will be shown.

**STREET IS OPENED**  
The first half-square of First street was opened to traffic this morning. The Standard Oil wagon which was driven by Peter Conley, was the first to pass over the newly laid pavement. The balance of the first square will be opened some time next week. The opening of the street to the first alley west of Main will relieve the inconvenience to the merchants in this section.

Martin Clevenger is recovering nicely from the effects of the accident which occurred last week, when a rafter fell on his head, injuring him seriously.

Thomas Addison was able to be in Rushville today after being confined to his home for six weeks, the result of a serious injury to his right leg in a fall from a wagon at his home near Arlington.

According to dispatches from Columbus, O., where the grand circuit meeting has been in progress this week, horsemen are formulating plans for the placing of a sum of money at the disposal of the widow of Curt Gosnell, the reinsman who died from the effects of injuries sustained in Cleveland a few weeks ago while working out a horse. Gosnell was a native of Rush county and well known here.

# EMORY J. CAIN IS SENT TO PENAL FARM

Operator of So-Called Industrial School, Who Solicits Funds Here, is Also Fined

# CHILDREN WERE NEGLECTED

Emory J. Cain, colored, for a number of years the operator of an industrial school in Indianapolis and known in Rushville by his frequent trips here for the purpose of soliciting funds for the school, was yesterday fined \$500 and costs and sentenced to the penal farm for six months on a charge of child neglect by Judge Frank J. Lahr in the juvenile court in Indianapolis.

Cain is probably best remembered here by the fact that he was going to bring his school band here for the horse show last fall and backed out at the last minute. The case was first brought to the attention of the authorities in February, 1915 when Mrs. Cain was tried on a similar charge and released on suspended sentence. The evidence against Cain showed that the children of his so-called "industrial school" were neither taught, fed nor clothed properly.

## TEACHERS MEET HERE TODAY

Votes for Centennial Queen May be  
Cast at any Drug Store in  
the City Monday

The executive committee of the Rush County Centennial, Home Coming and Fall Festival here the week of October 9 has decided to award to the best float of the schools in the Centennial parade Friday afternoon, October 13 a loving cup valued at fifty dollars.

This decision was reached at a meeting of the executive committee last night. Members of the executive committee met this afternoon in the court house with the township trustees and teachers from over the county to see if the teachers were willing to make a united effort to have their schools represented by a float in the parade.

The committee also announced that a prize of a nicely framed picture of James Whitcomb Riley would be given to the second best school float in the parade. The different buildings of the Rushville public schools will be considered competing units with the schools of each township.

All of the Centennial Queen votes will be distributed Monday and the voting is expected to begin in earnest at that time. Several of the candidates have signified their intentions of working for the fifty dollars in cash prizes which will be awarded. The Centennial Queen will receive twenty-five dollars in gold, the candidate receiving the next highest number of votes fifteen dollars and the third highest ten dollars.

By Monday practically all of the merchants of the city will be giving one vote with each cash purchase of twenty-five cents. Merchants will also sell votes at a fourth of a cent apiece to those who want to vote for their favorite candidates. Votes may be cast only at drug stores where boxes will be left on Monday. Each day the votes will be counted and the standing of the candidates announced.

The decorative arches will be erected the first of next week at the four principal entrances to the business district of the city. Joe Dickman has been awarded the contract to cover the arches with muslin.

Walter Easley, chairman of the concessions committee, has given the contract for taking tickets at the various shows Centennial week to the Pythian Sisters.

## ROAD CONTRACTOR IS SUED

William Emsweller is Made Defendant, \$200 Being Awarded

The Galien Iron and Manufacturing Company has filed suit against William Emsweller and the Chicago Bonding and Surety company, on a gravel road bond, demanding \$200. The complaint alleges that Emsweller is indebted to the plaintiff in the sum of \$127 for east iron culverts used in the construction of the James D. Hite road in Decatur county and has refused to pay the account. It is alleged that he was awarded the contract for this road by the Decatur county commissioners in March, 1915 and that the Chicago Bonding and Surety company was on his bond in the sum of \$11,000. J. R. Cauble and Chauncey W. Duncan represent the plaintiff.

Penal Farm for Assault

## REV. OMER HUFFERD VICTIM

As the result of severely beating the Rev. Omer Hufferd of Shirley, brother of Elmer and Robert Hufferd of south of the city. Nove Dudley of Shirley has been fined \$50 and costs and sentenced to one hundred days in the state penal farm by Judge Earl Sample in the Hancock circuit court at Greenfield. Dudley pleaded guilty to the charge of assault and battery on the Rev. Mr. Hufferd, who is pastor of the Shirley Christian church. In late years the Rev. Mr. Hufferd has spent part of his time with his brothers here and is well known throughout Rush county.

Evidence submitted to the court regarding the case before sentence was pronounced was that Dudley met Mr. Hufferd in the street at Shirley and accused him of being responsible for the summoning of several Shirley residents before the Hancock county grand jury which is believed to be investigating "blind tigers" at Shirley. Dudley then struck Mr. Hufferd, it was shown, knocked him down, and sat on him. He was about to strike Mr. Hufferd again when two men seized and held him until the marshal placed him under arrest. Judge Sample bitterly arraigned Dudley for his assault on Mr. Hufferd.

## COUNTY FARES BETTER IN 1916

Receives \$1,810.91 More in Auto  
Licenses From State Than  
First Half of Last Year

TOTAL THIS YEAR \$7,258.20

County Losses Only \$621.60, Which  
is Much Smaller Than Loss  
of Previous Years

The treasurer's office received the semi-annual settlement statement from the secretary of state for the distribution of the automobile license fees this morning. For the first half of the year Rush county receives a total of \$7,258.20. The county this year fares exceedingly well in the apportionment of the license fees, losing but \$621.60 of the total amount paid the state, but receiving \$1,810.91 more than in the first settlement last year.

The license fees showed a great increase, as was expected, due to the increase in the number of automobiles. The total amount received by the county is \$7,258 as compared with \$7,880 paid in. The amount received by the county for the first half of last year was \$5,447.29.

The distribution to the counties is based on three things. Each county receives an equal distribution of one-third of the net receipts; one-third according to the number of free gravel roads and one-third of the net registrations of the county. Based on this ratio, Rush county received \$2,474.28 as the equal distribution of one-third of the net receipts; \$2,315.07 for the distribution of one-third according to the number of miles of free gravel roads and \$2,468.85 as one-third of the net registrations of the county. The statement of the secretary of state shows that Rush county is credited with a total of 306 miles of free gravel roads.

The automobile registration business has grown to great proportions according to the statement. The gross receipts from over the state from the registration of motor vehicles totaled \$731,493.96. The expenses of the office and rebates amounted to \$48,596.54, making the net receipts from this branch of the business \$682,897.42. It is this sum in which all of the counties share.

## PREPARES FOR A TRACTION STRIKE

New York Police Commissioner  
Woods Says There is No Reason  
to Fear Violence

## 12,000 POLICE READY FOR DUTY

(By United Press.)  
New York, Sept. 23.—Twelve thousand men, including regular and extra police, will be on duty next week to guarantee the preservation of order if the general strike for "suspension of work" voted yesterday by the union leaders of the city, becomes effective. In addition, the Home Defense League having 20,000 civilians as its members, can be called upon in an emergency.

Plans embracing measures for the maintenance of order were drawn by Police Commissioner Woods today but at the same time he issued an open letter to the public declaring that though a general strike in support of the traction employees now seems imminent, there is no reason for believing the walkout will be followed by violence.

## COURT TAKES ON ACTIVITY TODAY

Attention Held Most of Day by  
Suit to Foreclose a Mechanics  
Lien, Demanding \$70

MRS. HEATON ALLOWED \$20

Mrs. Della Cassady Asks Woodford  
Cassady be Cited for Con-  
tempt of Court

The attention of the circuit court today was held by the trial of the case of Joseph A. Anderson, Gwynnville contractor, against Joseph B. Hardin, a Posey township farmer, to foreclose a mechanics lien, demanding \$70. The case was tried before Judge Sparks and required most of the day. Anderson constructed shed for Hardin and the defendant alleged that the price was more than that specified in the contract. When Hardin did not pay him a lien was taken on the property.

Judge Sparks this morning allowed Mrs. Mary A. Heaton the sum of \$20 against the estate of her mother, the late Mrs. Sarah Stewart for services rendered during the last illness of Mrs. Stewart. Mrs. Heaton demanded \$100. The case was tried the first of this week. Considerable feeling was displayed between the Heaton and Stewarts.

Thomas E. Davidson has been appointed special judge to try the case of Albert Curry against Robert L. Tompkins. The defendant struck off the name of Raymond Springer and as the plaintiff refused to strike off a name Judge Sparks appointed Thomas E. Davidson of Greensburg. The suit is for damages in which the sum of \$1,759.55 is demanded.

A motion was filed today by Mrs. Della Cassady asking that George Woodford Cassady be cited to show cause why he should not be punished for contempt of court. Mrs. Cassady was granted a divorce January 25, 1916 and under the terms of the decree he was to pay her the sum of \$40 a month until June and then the payments were to revert to \$30 a month.

According to the motion filed by Mrs. Cassady, he has failed to pay more than \$20 a month and is now delinquent in the sum of \$100. It is alleged that since the hearing of the original case he has purchased an automobile and often visited Connersville and Greensburg and spent his money attending dances and drinking. It is claimed in the motion filed that he has often averred that no court could make him pay more than \$20 a month for the support of his divorced wife.

Penn.—When the teachers of this city and Miami county assembled here today to institute, they cast their vote to decide whether they will adopt the Indiana Retirement law, passed by the legislature in 1915.

Newcastle—This city will tomorrow be the scene of the greatest and most elaborate religious celebration ever held in the country, when the new Christian church will be dedicated by the Rev. George Shively commonly known as the dedicator of Christian churches.

Franklin—Gilbert Peck, a negro, was on trial here today for the murder of James Gray. The case was removed here from Marion county.

—Miss Barbara Winkler, who has been the guest of Miss Louise Wyatt, left for her home in New York today.

—Miss Mabel Conner and Mrs. Oliver O'Brien leave Monday for Indianapolis for a short visit with friends.

It will in reality be the Young Men's Republican Club of Rush county, but during the 1916 campaign will be called the Hughes Hustlers. Cards are being passed around to get signatures. There are thirty or forty members in Anderson township alone. Cecil Tague of Brookville is the district chairman and is desirous of organizing Rush county.

## FORMER TRUSTEE OF UNION IS DEAD

Robert B. Cook, Age 68, One Time  
Resident of Rush County, Ex-  
pires in Indianapolis

## BODY TO BE INTERRED HERE

Robert Beckett Cook, 68 years old, a former resident of Rush county, died Friday afternoon at his home in Indianapolis following a short illness from cancer of the stomach. Mr. Cook was widely known in Rush county. He was a son of the late James V. Cook and was a brother of William Cook of North Main street.

The death of Mr. Cook came as a surprise to his friends and relatives here. He was here two weeks ago and had planned to come Sunday and spend the week here with relatives. Mr. Cook at one time was the trustee of Union township. He is survived by his widow and three children. He also leaves the one brother of this city and one sister, Mrs. Mary Carpenter of Greenfield. The funeral services will be conducted Sunday morning at ten o'clock at the late residence and burial will take place in East Hill cemetery, this city. The cortege will leave Indianapolis about eleven o'clock and arrive here at one o'clock, going direct to East Hill cemetery.

## SENIOR MEMBERS WILL BE HONORED

Unique Affair is Planned by Odd  
Fellows and Program Ar-  
ranged for Next Wednesday

## WILL M. SPARKS WILL SPEAK

Franklin Lodge No. 35 I. O. O. F. plans to devote the regular meeting next Wednesday night to honoring its senior members—members who have been connected with the lodge for 25 years or more. The records of the lodge reveal the fact that there are thirty-five men who have attained that distinction. Theodore Abernethy holds the record for membership, having been a member of the lodge for over sixty years.

The program will be informal, the greater part to be devoted to talks and reminiscences by the veteran members. Judge Will M. Sparks will speak on behalf of the lodge. The orchestra will furnish music for the occasion. J. T. Arbuckle, who is grand representative from Indiana to the sovereign grand lodge in session at Chattanooga, Tenn., this week, will be present and probably give a report of the meeting. A large crowd is anticipated as this meeting is unique in lodge affairs and also marks the opening of the fall season of the order.

## STARTS WINDUP IN BETTER VOICE

Hughes Opens Closing Day in In-  
diana With Firm Conviction Re-

## BEST CROWDS OF CAMPAIGN

Many Republicans go From Here for  
Final Speech of Nominee in  
Indianapolis Tonight

(By United Press.)  
Laporte, Sept. 23.—Refreshed from a night's rest off the train, Governor Hughes started his wind-up of the Indiana campaign today with a voice considerably clearer than yesterday and with the firm conviction that Indiana's fifteen votes will be in the Republican column in November.

Nowhere in his campaigning has the candidate been greeted by such crowds as have cheered his progress through Indiana.

Here at Laporte the nominee reiterated his charge of extravagance against the Democratic administration, citing figures of appropriations of the last Democratic congress.

"This is a country of sound public opinion and when a man in a great position with the public easily addressed and directed, makes a firm stand on those principles in accordance with the spirit of our institutions, he will have the whole American people back of him," he said in discussing the Adamson bill.

"It is the man of self respect who firmly, not boastfully but firmly represents himself as able to maintain his just rights, that is respected in the community. It is a nation that stands erect in its self-respect, prepared for every emergency, seeking the ideals of peace, not aggressive, not exploiting, not coveting any territory, not desirous to intrude itself upon its neighbor, it is a nation that is firm and insistent in the maintenance of its rights that maintains its interests and wins the esteem of the world."

Many Republicans from here were going to Indianapolis today to hear Governor Hughes in his final speech tonight. Preparations have been made for a big rally and overflow meetings.

## COMMISSION IS HELD UP IN WORK

Practically Had Plan for Mexican  
Border Patrol Ready When  
Villa Struck

## CARRANZA CAN'T COPE WITH IT

(By United Press.)  
New London, Conn., Sept. 23.—Carranza's apparent failure to direct an effective pursuit of the Villa forces that attacked Chihuahua City may radically affect the tentative plans of the Mexican-American peace conference for border patrol.

The commissioners had practically completed their work on a plan for a border patrol when Villa struck. It called for co-operation of Mexican troops with Pershing's forces in patrolling the border and was about ready for submission to Washington and Mexico City.

The Villa raid itself did not alter the plans of the conference, since the Villistas were beaten off with heavy losses, according to Carranza reports. But the American commissioners did not believe that General Trevino, the Carranza commander at Chihuahua City, would immediately start in vigorous pursuit of the Villistas and disburse the bandits and he didn't.

## Hughes' Bold Stand

Gov. Hughes has gone after the Wilson administration with sledge-hammer blows in the middle west, where he campaigning and his audiences exhibited a responsiveness and enthusiasm gratifying to the Republican managers. Taking as his text Mr. Wilson's statement of four years ago, "Our platform is not molasses to catch flies," Mr. Hughes has shown that most of the Democratic platform pledges have been broken, including those regarding economy in public expenditures, the creation of useless offices, the lowering of the cost of living, the repeal of the Panama Canal tolls law, the single Presidential term, the protection of American citizens abroad, etc. Referring to the Adamson wage increase law, Mr. Hughes has said, "It was nothing more than a measure to fix wages and as a measure to fix wages it must be judged. If as such a measure, it was justified, it needs no further excuse. We are not concerned with anything that was said of the judgment of society with respect to an eight work day. There is plainly no judgment of society on the increase of wages this bill requires. The phrase 'eight hour day' is apparently used to tickle the public ear in order to establish something quite different." And again, "The Adamson bill is a force bill. It was legislation without inquiry, without knowledge. The demand by the administration for such legislation as the price of peace was a humiliating spectacle. It was not only a serious misuse of official authority, but a deplorable abdication of moral authority."

## Progressives Back

If any further demonstration that the Progressives have returned to the Republican party were needed it was furnished by the New York primary election, in which Gov. Whitman was overwhelmingly nominated and those Progressives who have been widely advertised as supporting President Wilson, including Bainbridge Colby, went down to ignominious defeat. These Dem-Progressives had named Judge Seabury as the Progressive primary candidate against Gov. Whitman. Out of a total Progressive enrollment of 46,206, only 5,806 Progressive votes were cast for Judge Seabury. The Progressives in that State had received every possible aid from the Democratic managers who fully appreciated the political value to them of a strong showing of Progressive disaffection against Hughes. The only result is that those Progressives who are off the reservation went down in a smashing defeat.

It has been generally assumed that the stock of the railroads of the country is owned by a comparatively few wealthy people, when as a matter of fact it is just the reverse. Reports filed with the Interstate Commerce Commission, as required by law, show that the majority of stockholders are people of comparatively small means, and that this stock is held in comparatively every walk of life. The Illinois Central, one of the smaller roads, has 11,000 stockholders; 42,000 people own the stock of the Atchafalaya, Topeka & Santa Fe; the Pennsylvania is owned by 92,000 people, and other roads are in proportion. The interests of these people, and of the great consuming public, should also be considered in any settlement that is finally effected in the dispute between the roads and their employees.

The vanity of some people is equalled only by their vanity, and you can always spot them in any crowd.

## Editorial Comments

Mr. Hughes has made Mr. Wilson's policy of deciding a case and then getting the facts afterward one of the most pitiable exhibitions of weakness that even the present administration can give.

"Peace, preparedness and prosperity" are claimed as the Democratic campaign cries. More appropriate ones would be "Pie, pork and piffle."

And now nobody seems to know exactly what the new wage law means or to whom it applies. Another illustration of Democratic inefficiency.

The Democratic congress has voted a tariff on dyes, thereby declaring in favor of the principle of protection. How the party does change its colors.

If President Wilson were really earnest in telling the suffrage women "I come to fight for you" he would have put a suffrage measure through congress by the same stop watch method that he used to force the railway wage increase bill through.

Shadow Lawn, as a residence for the next few weeks, will give its occupant an opportunity to get accustomed to the after election gloom.

Here is reason enough why Mr. Wilson should be defeated. Why should Mr. Hughes be preferred? Gifford Pinchot, the Progressive, answers, giving facts to support his statement: "Hughes is a man of his word. . . . I cannot vote for Wilson because I cannot trust him. He does not do what he says. Hughes does. Therefore my choice is Hughes."

When the Progressives come back they bring their punch with them.

Villa says he bears us no grudge. Well, why should he? Haven't we always treated him as a perfect gentleman?

What has become of the old fashioned man who used to say of President Wilson, "Ye-es, he does make mistakes, but I believe he's sincere."

And we haven't yet got either Francisco Villa or that salute.

Next stop for the political express Nov. 7.

Irvin S. Cobb is to make campaign speeches for the Democratic party in the west. Irv, you all recall, of course, is a humorist and is peculiarly equipped to do full justice to his subject.

The least that may be said of President Wilson is that he has been right half the time, for he has been on both sides of almost all important questions.

♦ **NOT AN EIGHT HOUR DAY.** ♦ ♦ ♦ ♦ ♦  
♦ Recent Hold-up Legislation Does ♦ ♦ ♦ ♦ ♦  
♦ Not Shorten Workday ♦ ♦ ♦ ♦ ♦  
♦ a Minute. ♦ ♦ ♦ ♦ ♦

As a matter of fact, it is not an eight hour law at all. It does not curtail the trainmen's work-day by a single minute. If an engineer has been receiving \$5 for working ten hours a day this law will raise his pay to \$0.25, but it will not shorten his work-day even the tenth part of a second. This is no more like the true eight hour principle than chalk is like cheese.

The reason why people call this an eight hour law is because it says that in the case of railroad trainmen they shall get their day's pay for the first eight hours' work, and all the rest is to be considered overtime.  
Do not tell me that this strike could not have been called off or postponed if President Wilson had shown that he meant business. I do not for one minute believe that those four brotherhood leaders started the blaze going without knowing how to put it out. One of them admitted that he could put it out so far as his own brotherhood was concerned, but that his followers would think that he had gone back on them if he were to do so.

## Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds, and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

## GILDED YOUTHS ARE NOT WANTED

Wealth is Considered Handicap and This Class is Not Desired at Leland Stanford.

### MUST LEAVE AUTOS AT HOME

Flowers For Co-Eds Are Also Barred and Frequent Dances Will Not be Tolerated.

(By United Press.)

Palo, Alto, Calif., Sept. 23.—Wealth is a handicap to the college student and the poor boy has the advantage, according to Dr. Ray Lyman Wilbur president of Leland Stanford University, in a statement today.

As a consequence of this belief Dr. Wilbur decreed that beginning this year autos may not be owned by students; that too frequent dances, the purchase of expensive flowers for co-eds and similar luxuries will be banned.

Dr. Wilbur is so convinced he is right about this that he has sent a circular letter to students' parents saying students with too much money are not desired at the school, if they are inclined to spend their time in the pursuit of pleasure.

The letter urges parents to refrain from too liberal allowances and warns them that as the number of entrances this year is limited, students who fail to show they are doing honest work will not be permitted to remain.

Stanford does not particularly seek poor boys and discourage the entrance of the wealthy, Dr. Wilbur explains, but experience has shown that the poor boy has, on the whole made a better record, both as a student and afterwards. His appeal, Dr. Wilbur says, is an endeavor to save the wealthy lad from his own particular dangers.

"It takes time to run an automobile and it often leads to life off the campus, to extravagance and much foolishness," says the letter, adding: "There is plenty to do in the way of variety at the university, with its

## ONLY 14 CHALMERS CARS PER DEALER ARE LEFT IN THE GREAT \$56,000,000 "RUN"

We are but one of 1600 Chalmers Dealers. There are only 20,000 of the 3400 r. p. m. Chalmers left. So if we had to take our chance on an even allotment among the 1600, we'd probably get only 14 more of them.

The run on this car has been mastodonic.

We're lucky to have one left, because the Chalmers Company set out to build only \$22,000,000 worth last fall.

These were all built and delivered before the first day of summer came.

Then we got the Chalmers executives to add 10,000. These were pretty well cleared up before the first day of September.

Now we have just got them to build 20,000 more—making 48,000 of the 3400 r. p. m. Chalmers all told—just \$56,000,000 worth of one model.

So you see it has been like a regular "run" on a bank. Only instead of a bank it has been a car. And a truly magnificent car, too.

We attribute the "run" to the wonderful quality in the car.

We find men and women are buying better and better cars every day. Just go down among your acquaintances and note how many of them are driving better cars than they used to.

Probably 75 per cent of our sales have been to people who have owned lower priced cars. There's a peculiar and interesting kind of a pride in owning a regular car. A man said to us the other day:

"I bought a 'price' car a year ago. It was a one-year car. It looked fine and drove well for a while. I got 10,000 miles out of her, but she couldn't stand the racket. I'm all done trying to

buy price tags. I used to say I'd never pay more than a certain sum for a pair of shoes.

"I ventured \$2 beyond the price one day and, thoroughly to my surprise, I got such a better fit, so much more comfort, so much more in looks, and so much more in wear, that I just figured I'd been a blame fool all these years.

"It's the same way with cars. You get just about what you pay for in a cheap car. It's like advice. I'm paying \$300 more for this Chalmers than I paid for my old car. But I can see right away I'm really getting \$500 more in car and quality. Besides I'm driving a regular thoroughbred."

There are lots of men like our friend. People don't shop around much in buying meat for the home. A rib roast is a rib roast. If one butcher has rib roast at 2 cents a pound less than the other, it's safe to venture that it's 2 cents a pound inferior meat.

Quality—and the quantity scale of life—that is what the American people are seeking today as never before, in our casual observation.

And a great help is a quality car like the 3400 r. p. m. Chalmers. Forget that the price is only \$1090 Detroit. The price is not determined by the President of the Company, nor by the Chief Engineer. The price is determined by cost accountants. That accounts for the odd figure \$1090.

The sum of \$1,000,000 has been added to Chalmers factory equipment since the birth of the 3400 r. p. m. Chalmers about a year ago. Added why? Just to make each car a little better than the one that went out the factory door ahead of it.

P. S.—To remind you—the Chalmers Company is building 20,000 more of them. This model will be continued without change in design into next season.

swimming pools, athletic fields, gymnasiums, beautiful walks and the like. There is no need to go to San Francisco more than once or twice a semester and this trip can be conveniently and cheaply made by train. There is no need to supply money for orchids, for dance parties or for taxi hire.

"The student who cannot be content to lead the clean, simple, industrious life expected on the Stanford campus should go elsewhere. If you do not feel our idea of student self government is right and if you do not feel that it expresses the right attitude toward alcohol, hazing, self control, payment of debts and things of that sort, it would be better to keep your son or daughter at home, or send them elsewhere. It will save them the trouble that is almost sure to come sometime in a four year course and will give the University more time to develop those who have the disposition to conform."

### REVIVE INDIAN FESTIVAL

San Jacinto, Cal., Sept 23.—

Big chiefs, Little Squaws and Tiny Papooses trekked through here in crowds today from all over Southern California, on their way to the big Saboba Indian Festival on the reservation a few miles from the city.

Uncle Sam banned the festival last year because of the gambling that made trouble the year before, but the Sabobas have promised to be good this year and Superintendent H. E. Wadsworth is letting them have their celebration.

The Great White Father has set aside prizes for the best performers of the old Indian war dances and other celebratory customs around the Big Teepee and Camp Fire.

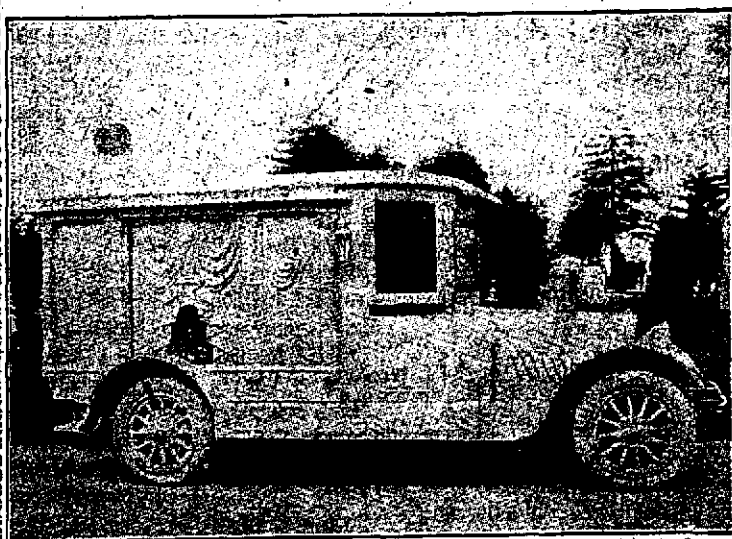

Good Housekeepers Use the Best That's why they use Red Cross ball blue. At leading grocers 5 cents.

# OLD LADY FEELING FINE

After Taking Four Bottles Of  
Cardui, The Woman's Tonic.

Cobden, Ill.—"Having used Cardui, the woman's tonic, in my family, for a number of years," writes Mrs. Kate Metz, of this town, "and always with such good results, I feel it my duty to write you about it, so that you may publish my letter.

My mother is living with me, and she is 82 years old. For the last three or four years, she has been troubled a great deal with cramping spells, and for days at a time, she would have a severe headache.

She read of how much Cardui has helped other women who were sick and ailing, and decided to give it a trial. She began taking it three times a day, and since then has been getting along simply fine.

Mother only used four bottles of Cardui, but she is no longer troubled with the severe headaches, and her stomach is so much stronger that she can eat most anything.

We both feel that any lady who is not strong and well, would be greatly benefited by the use of Cardui.

## HENDERSON STORE BURNS

Mathey's Place of Business is De-  
stroyed by Fire

Mathey's general store at Henderson was destroyed by fire Thursday night between eight and nine o'clock. The fire is believed to have started from a spark from a passing train. The store and contents burned to the ground. When discovered the flames had such a start that it was impossible to fight the blaze and efforts were then directed towards saving surrounding property. The owner carried \$1,000 insurance and this is believed to fully cover the loss.

### Amusements

The Gem offers the two act drama "The False Part" for the first picture of tonight's bill. Herbert Rawlinson and Agnes Vernon are featured in this remarkable drama. The second picture is a two act drama "The Scarlet Mark." Mary Fuller is featured in this one. The third picture is a comedy "His Picture." The last is also a comedy entitled "The Jailbird's Last Flight." Fairies, goblins and elfs, mermaids, nymphs and sylphs, the companions of the childish mind, have been drawn upon for characters in one of the most beautiful films ever presented in the Bluebird photoplay, "Undine," which will be the attraction at the Gem Monday. "Undine" is based on the French classic of the same title, written by Pierre De La Motte Fouquet and pictures the fantastic happenings at the court of Queen Undine, under-seas, and subsequent developments on land.

The Princess will show the five act feature "The Butterfly on the Wheel" for the program tonight. It is a wonderful story, full of thrills and action. Holbrook Blinn and Vivian Martin are featured. Alice Brady, the World Film star, who made her professional debut in music rather than drama, who conquered the operatic and dramatic stage in quick succession, and is now a top-notch in filmdom, will be seen at the Princess Monday, matinee and night in "Tangled Fates" a pastoral play unique in conception and strong in climax and story, which brings into play all of Miss Brady's remarkable versatility and shows her in the most remarkable part she has yet portrayed in motion pictures.

## EMORY J. CAIN IS SENT TO PENAL FARM

Operator of So-Called Industrial School, Who Solicits Funds Here, is Also Fined

### CHILDREN WERE NEGLECTED

Emory J. Cain, colored, for a number of years the operator of an industrial school in Indianapolis and known in Rushville by his frequent trips here for the purpose of soliciting funds for the school, was yesterday fined \$500, and costs and sentenced to the penal farm for six months on a charge of child neglect, by Judge Frank J. Lahr in the juvenile court in Indianapolis.

Cain is probably best remembered here by the fact that he was going to bring his school band here for the horse show last fall and backed out at the last minute. The case was first brought to the attention of the authorities in February, 1915 when Mrs. Cain was tried on a similar charge and released on suspended sentence. The evidence against Cain showed that the children of his so-called "industrial school" were neither taught, fed nor clothed properly.

Greensburg, Ind., Sept. 23.—When a tramp applied at the Powell garage for work to earn the price of a meal Charles Powell gave him two hours work. The garage man then offered the man 75 cents in pay. "Here, take back two bits," said the stranger. "I didn't ask for charity and I don't want to dine at the Waldorf-Astoria."
